ATIC FORM 329 (REV 26 SEP 52)

Report of a UFO sent to me from a former student,  
3426 Prow Ave., Miami 14, 1969.

"At 11:30 EST on May 13 I was walking back to my apartment in Coconut Grove, a southeast section of Miami. I was looking toward the eastern direction in the sky when I saw "it" traveling from east to west over my head. It was visible for about 7 to 10 seconds and I would estimate it went 2 1/2 to 4 miles in that time. It looked circular and flat, - anywhere from 25 to 35 ft. in diameter. It was a dim white color, the same intensity throughout the entire object. It behaved much like a beacon on a cloud, but there wasn't a cloud in the sky. Neither was there any beam of light leading to it."

Major Friend, ATIC

Dear Major,

Am inclosing the above as the report came to me alone and I suspect that the writer is a very reliable young man. Of course there could be many logical explanations for the sighting. I send it as there may be a remote possibility that it could be of use to ATIC.

Sincerely,

[REDACTED]

DEPARTMENT OF THE AIR FORCE  
WASHINGTON

OFFICE OF THE SECRETARY

Dear Mr. [REDACTED]

Your recent reported sighting of an unidentified flying object contained insufficient data to allow a valid conclusion by the Air Technical Intelligence Center.

Therefore, I am inclosing the USAF Technical Information Sheet which you should fill out and forward direct to the Intelligence Center at Wright-Patterson Air Force Base, Ohio. Upon completion of their evaluation, I will forward their conclusions to you.

Sincerely,

Incl
